

- For Acne and sensitive skin type, using Non-comedogenic ingredients which is the least stimulus substance.
- Restrain acne causal germs without tolerance and stimulus by using natural anti biotic substance such as Phytoncide complex and Phytosphingosine.
- Contains lots of Vitamin B3 and Genistein which are natural sebum creation restrain substance and it suppress sebum creation with easing acne inflammation with the level of medicine.
- **SCLC System(Sebum Control Liquid Crystal System)** : With the liquid crystal method, Soybean extract and Phytosphingosine ingredient get stabilized and shows high absorption to the skin.
- Contain Beta-glucan, Camomile, Willow extract which is effective for acne restrain, protect skin, suppress sebum creation, relief closed pores and easing acne.

Inhibition of Comedogenesis by Lecithin

Lecithin reduced sebum production on human skin

Result of clinical study

ITEM	CONTENT	REMARK
Restrain P.Acne germ	<ul style="list-style-type: none"> Phytoncide Complex, Adapt antibiotic action of Phytosphingosine 	<ul style="list-style-type: none"> Prevent creation of Acne causal germ and restrain. As natural substance, there's no reaction.
Restrain sebum creation	<ul style="list-style-type: none"> Contain compound extract which shows synergy effect when using with Lecithin, which is a sebum creation restraint. Increase Genisteine content which is soy extract and suppress sebum creation Vitamin B3 	<ul style="list-style-type: none"> Suppress sebum creation to restrain increasing acne causal germ. As strengthen the function of female hormone, It shows decreasing effect of sebum creation.
Prevent over keratosis	Prevent using AHA and BHA (Lactic acid, Glycolic acid, salicylic acid)	Makes speed turn over periodic of skin and purifying it.
Increase absorption of Lecithin medication	<ul style="list-style-type: none"> Enlarge skin absorption by Loposome method and Genisteine of which active substance. SCLC System(Sebum Control Liquid Crystal System) 	Increase skin absorption ratio.
Measurement against Inflammation	<ul style="list-style-type: none"> Increase effectiveness by prescribe plenty of Aloe, Centella asiatica , Rosemary extract. 	Measure of skin stimulus by natural substance, no stimulus and no tolerance.
Additive	<ul style="list-style-type: none"> Artificial colorant free, Artificial fragrance free 	Minimize stimulus and Allergy.

AC STOP SERIES

1. AC STOP SOLUTION 250ml/ 125ml

1) Speedy Soothing

- Beta-glucan, Perilla, Aloe, Distylium racemosum extract

- ☞ Increase skin immunity
- ☞ Recover damaged skin
- ☞ Relief Erythema

2) Anti-inflammation & control sebum creation

- Hamamelidales, Pantenol, Alantoin, Grape seed extract, Glycyrrhiza uralensis

- ☞ Anti-inflammation, Anti-allergy, Anti-germ
- ☞ Adjust ph balance of skin
- ☞ Skin purification

3) Regeneration and Moisturizing

- Niacin, Soy isoflavone, Hyaluronic acid, Troelos

- ☞ Protect skin barrier
- ☞ Easing skin texture
- ☞ Moisturizing and increase moistureholding capacity

2. AC STOP ACTIVE SERUM 100ml/ 40ml

1) Prevent over keratosis

- Salicylic acid, Azelaic acid, Ratic acid, Magnolia flower seed, Aloe

- ☞ Easing skin texture
- ☞ Easing inflammation
- ☞ Anti-germ and adjust sebum

2) Wound improvement and Soothing

- Phytosphingosine, Allantoin, Bisavolo, Camomile, Perilla, Rosemary

- ☞ Strengthen corium texture
- ☞ Increase level of immunity
- ☞ Anti-inflammation and Anti-allergy

3. Strong Regeneration

- Centella asiatica, Niacin, Beta-glucan, Greep seed, Soy isoflavone, Hyaluron acid, Troelos

- ☞ Recover damaged skin
- ☞ Anti-oxidant
- ☞ Supply plenty of moisture

3. AC STOP PORE SHRINK SERUM 100ml/ 40ml

1) Improvement of skin texture and pore contraction

- Glycolic acid, Ratic acid, Salicylic acid, Willow extract, Magnolia flower, Soy isoflavone, Aloe
 - ☞ Adjust over creation of sebum
 - ☞ Prevent over keratosis
 - ☞ Soothing and Anti-inflammation

2) Speedy regeneration

- Enokitake, Niacin, Beta-glucan, Centella asiatica, Phytosphingosine, Pantenol
 - ☞ Accerate collagen creation
 - ☞ Strengthen corium texture
 - ☞ Wound Improvement

3) Supply plenty of moisture and nurishing

- Troelos, Allantoin, Camomile, Perilla, Glycyrrhiza uralensis, Grape seed
 - ☞ Moisturizing and increase moisture holding capacity
 - ☞ Speedy soothing
 - ☞ Anti-inflammation

4. AC STOP EMULSION 250ml/ 125ml

1) Soothing and Moisturizing

- Hyaluronic acid, Rosemary, Allantoin, Scqualene, Magnolia flower
 - ☞ Increase moisture holding capacity
 - ☞ Anti-inflammation, Anti-allergy, Anti-germ

2) Strong regeneration

- Beta-glucan, Centella asiatica, Soy isoflavone, Lavender
 - ☞ Skin immune system activation
 - ☞ Strengthen Corium texture

3) Anti-aging

- Tocopherol, Rechithin, Gold, Glycyrrhiza uralensis, Green tea
 - ☞ Strong Anti-oxidant
 - ☞ Prevent wrinkle

4. AC STOP CONTOUR CREAM 210ml/ 60ml

1) Strong regeneration

■ Beta-glucan, Centella asiatica, Niacin, Lecithin

- ☞ Strengthen corium texture
- ☞ Activation of skin immune system
- ☞ Nurishing

2. Complexion purification

■ Gold, Glycyrrhiza uralensis, Lemon, Grape Seed, Soy isoflavone, Aloe

- ☞ Detox
- ☞ Anti-oxidant
- ☞ Adjust sebum creation and pore contraction

3. Soothing and Moisturizing

■ Perilla, Hyaluronic acid, Troelos, Visavolo, Magnolia flower, Lavender

- ☞ Recover damaged skin
- ☞ Moisturizing and increase moisture holding capacity
- ☞ Anti-inflammation, Anti-germ, Anti-allergy

AC STOP LINE FEATURE

1Step : Detox and Stabilize

2Step : Speedy soothing

3Step : Restrain over keratosis and Anti-inflammation

4Step : Adjust sebum creation(Absorption, Melting)

5Step : Strong moisturizing effect

6Step : Regeneration
