## Background of Development

As aging, our skin loses its own elasticity, droop more and more, pores are extended, last all, we get wrinkles. Amaranth VE Tox Solution I & II are developed the name of Eye Tox that means like a BOTOX to around eye's skin. Around eye's skin is not same with face skin. It is thinner and easier to get fine wrinkles.

Several years ago, when the Eye Tox product launched, Korean customers love this new cosmetic as mania, and suggest the renewal to for all facial skin not only eyes. And also they want to more long-term usage program. In this Customer needs, Amaranth' R&D Center study and renewed the Amaranth VE Tox Solution I & II.

And we also presented 10 weeks' program set. Each ampoule use in 2 week and 10 weeks' program is a set with 5 ampoules of each Solution I & II.
